Environmental Epidemiology	15	Multiple-choice test	1-2 hours	100%				
		For students who are required to re-sit, or granted a deferral or new attempt, the task will be to write an essay of no more than 1,500 words in response to a technical enquiry about an environmental epidemiology issue. The task would be described as a policy choice facing a local authority, a senior official of which calls for epidemiological advice. The response is to be written using language that would be understood by an educated non-epidemiologist.	(1500 words)	100%	15			
Epidemiology & Control of Communicable Diseases (ECCD)	15	Group-written outbreak investigation report	1500 words	20%	3			
		Multiple choice question examination	1.5 hours	80%	12			
		For students who are required to re-sit, or granted a deferral or new attempt, there will be a written examination.						
Globalisation & Health	15	Written assignment 1	3000 words	100%	15		Major	
One Health Research Project	60	Summative assessment: Part 1: Literature review	up to 2000 words*	90% (part 1 and 2 of the written assignment)	54	_____	Major	
		Summative assessment: Written assignment Part 2: Research project	up to 10000 words*					
		Oral Examination	20 minutes	10% (compulsory attendance)	6
